DIVISION OF BIBLICAL STUDIES

Wesley L. Gerig, Chairman

OBJECTIVES

The objectives of this division are: 1) to give the student a working knowledge of the Bible as God's divine self-revelation for his own edification and for strengthening others; 2) to help him achieve doctrinal balance, so essential to symmetrical Christian character and effective Christian service; 3) to impart to him the techniques and tools for effective Bible study; 4) to impress him with the central place which Biblical studies should occupy as the integrating factor, not only in the whole college curriculum, but also in his entire Christian life; 5) to develop his Christian character; and 6) to give him the motivation for additional Bible study on both a personal and an academic basis.

The following are resumes of the special requirements for the three programs in the division.

The following are resumes of the special requirements for the various programs in the department.

c. Major in Missionary Nursing

The Bachelor of Science program in missionary nursing is designed as a basic course for students who plan to engage in missionary service. It aims to provide the preparation necessary to minister to spiritual and physical needs by a combination of courses in general education, Bible, missions, and professional nursing. The five-year program includes the regular three-year course in nurses' training, a major in Bible, and a minor in missions.

This unique program, designed to meet an urgent need for professionally trained missionary candidates, is made possible through the cooperation of near-by Lutheran Hospital School of Nursing. Training is taken alternately at the two institutions. The first year is spent on the college campus in studies in general education and Bible. The next three years are spent at the Lutheran Hospital School of Nursing unless prior permission to study at another institution is granted by the Academic Affairs Committee. During this time the student maintains associations with the college as time and prior obligations permit. At the end of this period the student is eligible to take the state examinations for registration. The fifth year is spent on the college campus with advanced studies in Bible and missions.

The Lutheran Hospital is approved by the American College of Surgeons and is a member of the American Hospital Association. The School of Nursing is accredited by the Indiana State Board of Nurses' Registration and Nursing Education, and the National League for Nursing.

Students interested in this program should apply to Fort Wayne Bible College. A standard application blank may be used for this purpose. Application to the Lutheran Hospital School of Nursing is made during the first year of the program after enrollment at Fort Wayne Bible College. Arrangements will then be made to take the qualifying National League of Nursing tests. Duplicate copies of the scores will be sent to the Registrars of the college and the school of nursing. Enrollment at the college does not necessarily imply acceptance by the school of nursing.

Graduate nurses who have taken their nurses' training elsewhere in a recognized school of nursing may take the two years of Bible-missions education leading to the B.S. degree upon meeting either of two requirements: 1) graduation from a

nursing school fully accredited by the National Nursing Accrediting Service, or 2) passing on a satisfactory level the Graduate Nurse Qualifying Examination of the National League for Nursing.

A total of 128 hours is required for the Bachelor of Science degree. Sixty-four semester hours are granted for the work done at the Lutheran Hospital, leaving 64 hours to be earned at the Bible College. These 64 hours are distributed as follows:

FIRST YEAR			HOURS		FIFTH YEAR			HOURS

D. DEPARTMENT OF TEACHER EDUCATION

Ted D. Nickel, Chairman

PURPOSE

This department aims to prepare students for teaching in Christian, public, and parochial elementary schools, and in the field of music on the elementary and secondary level.

The objectives are: 1) to assist the student to gain a general understanding of the basic areas of education, including: its historical development, contemporary patterns, child development, methodology, and a basic Christian philosophy of education; 2) to train efficient leaders and teachers for the educational program of the church; 3) to form an attitude toward teaching as a positively Christian vocation; 4) to gain the basic skills necessary for the art of teaching; 5) to qualify the student to meet certification requirements of the Indiana State Department of Public Instruction; and 6) to provide basic preparation for graduate study in education.

We assume that effective teacher preparation requires more than a good academic standing. Therefore, the "Teacher Selection Program" is used to evaluate the overall qualifications for teaching. The goals of this program are: 1) to help the student gain a clearer conception of his abilities; 2) to help the student see teaching as a spiritual service; 3) to help the student grow in teaching competence. A special form explaining the entire program is available in the teacher education office. It is introduced to the student in ED 152, Introduction to Education.

Since qualifications for teaching certificates vary between states, the student is advised to check the certification requirements of the state where he plans to teach. Fort Wayne Bible College is accredited by the Indiana State Department of Public Instruction. The following are resumes of the special requirements for the two programs in the department.

1. BACHELOR OF SCIENCE

a. Major in Elementary Education

This program consists of 142 hours of academic work needed for graduation. Requirements of the Indiana State Department of Public Instruction for a teaching certificate include: 32 hours in professional education; 15 hours in science; 14 hours in social studies; 15 hours in language arts; 10 hours in fine arts; 8 hours in mathematics; and 15 hours of other requirements. An additional 30 hours in Bible and theology are necessary to meet the program requirements of Fort Wayne Bible College

E. DEPARTMENT OF MUSIC

Jay D. Platte, Chairman

This department serves the entire student body of the college in general and, more specifically, those students interested in music professionally.

Objectives

The general and professional goals of the department are:

1. to provide general education in music for all students of the college;
2. to guide all students into exercising good aesthetic judgment;
3. to prepare students for various ministries in church music, evangelism, and youth work;
4. to prepare students to teach music privately and in the public or private schools on the elementary and secondary levels;
5. to encourage creative writing and interpretive performing; and
6. to provide appropriate music for all college activities.

These objectives are in keeping with the overall aims of the college toward integration of its activities with its Christian philosophy of education, and they express the primary aims of the department which are student-directed. The objectives do not, however, entirely express the contributions which the department makes to the cultural life of the community nor to the public relations of the institution.

Requirements

Fields of Concentration. Students may choose an area of concentration from the following fields: voice, piano, organ, orchestral instruments, music education, and music-Christian education.

An evaluation in the major applied performance area is required at the end of each semester.

Basic Piano Requirements. Minimum piano proficiency shall be achieved by all music majors. A proficiency test administered by the music faculty can be taken by each music major some time before the end of the first semester of his senior year; or the student may elect four semesters of functional piano in place of the proficiency exam. A minimum grade of C is required.

Because of the need for accompanying experience all students in the fields of piano and organ may be required to serve as accompanist for certain musical groups or soloists.

Ensemble Requirements. All music majors must participate in at least one performing organization each semester unless excused by the music department.

Recitals. Those students with concentrations in applied music (Bachelor of Music) must present a short program in their junior year and a full recital in their senior year. Those students with concentrations in music education (Bachelor of Music Education) and music-Christian education (Bachelor of Science) are urged to give senior recitals in their applied area and may be required to do so at the discretion of the music faculty.

General Music Regulations

Practice Requirements. Practice is essential to applied study. Although success is not necessarily determined by a set number of practice hours, the individual teacher will use this as a means for evaluation.

Applied Music. Any student who cannot appear for a scheduled lesson is required to notify the teacher at least one hour before the beginning of the lesson; otherwise the student forfeits the right to a make-up lesson. Lessons missed by the teacher will be made up at the mutual convenience of student and teacher. A minimum of 2 lessons less than the total number of applied music lessons possible per semester is suggested to receive credit. Exceptions will be referred to the music faculty.

Resumes of the special requirements for the various degree programs in the department follow.

Additional music may be recommended according to individual needs and abilities.

An Orientation Guide for Music Majors at Fort Wayne Bible College is available to all students interested in music studies. This "Guide" strives to answer everything you need to know, including more specific information regarding regulations and requirements, to successfully complete the Music degree program at Fort Wayne Bible College.

A four year program, K-12 vocal certificate is possible for those whose interests are in vocal music only. This program is new and subject to approval by the State.
